

*Building Jewish identity
and friendship across
generations.*

DOROT's B-Mitzvah Experience

This unique volunteer program brings together B-Mitzvah-aged youth and older adults for lively discussions and fun activities centered on Jewish values and traditions.

Over seven sessions, younger and older participants share laughter, debate ideas, and create a caring and joyful intergenerational space.

Young people build pride in their Jewish identity and feel inspired to become active members of the Jewish community.
