Connecting to classes

- **STAFF CONNECTED SESSIONS:** You will receive a call 10 minutes before the program time to connect you. Please wait patiently.
- **DIAL IN SESSIONS:** You call into the program 5-10 minutes before the program begins. The facilitator must be on the line before participants can connect. If you call before they do, you will receive a message saying you are unable to join the conference. If this happens, hang up and call again 5 minutes later.
- If you will not be able to join the call, please contact UWW staff before your program begins.

During classes

- Introduce yourself by your first name each time you speak
- Ensure a quiet environment by muting your phone when listening, refraining from other conversations or answering other calls, and turning off radios and televisions. Any of these distractions could result in being disconnected by staff.
- Wait for a fellow participant to finish their comment before beginning yours.

- Keep your comments relevant to the topic at hand and use language that is civil to people of differing opinions and experiences.
- Respect that it is the facilitator's responsibility to manage the conversation, including redirection.
- STAFF CONNECTED SESSIONS: If you miss the connecting call or get disconnected, you can call DOROT to be reconnected, but we may not be able to do so.
- DIAL IN SESSIONS: If you get disconnected, you can reconnect yourself by following the same steps as you did to connect the at the beginning of the session.

Thank you and we hope you enjoy University Without Walls!
