Spring and Fall Teen Internship Program Options (2020)

Friendly Visits
Visit DOROT elders in their home with another Teen Intern and make a difference in their and your life. This is your chance to bridge the generational gap through conversations, common interests and companionship. Interns also deliver birthday cakes to seniors and celebrate their special day.

(Choose one afternoon per week: Mondays-Thursdays, 4:00-6:00pm)

Tech Visits
Two interns visit together to support DOROT older adults in their home on the use of computers, smartphones, tablets, social media and other types of technology. Your companionship during these visits will be just as impactful as the tech help you provide.

(Choose one afternoon per week: Mondays-Thursdays, 4:00-6:00pm)

Intergenerational Discussion Group
A group of ten interns plan, lead and participate in a weekly intergenerational discussion group with older adults on topical issues. Bridge the gap between the generations through open conversation that engages all involved.

(Offered Thursdays, 4:30-6:30pm)
